MEDIA ADVISORY

FOR IMMEDIATE RELEASE

VANCOUVER – Join TRIUMF, our member universities, and several esteemed guests for an announcement regarding the completion of the first phase of TRIUMF's newest facility, the Advanced Rare Isotope Laboratory (ARIEL-I).

Dr. Reiner Kruecken, Head of TRIUMF's Science Division, will be on hand to give a tour of the ARIEL facility. The tour will show TRIUMF's state-of-the-art technology, as well as the new ARIEL building and features. Participants are welcome to take photos and capture video during the tour.

Event Date: Friday, Nov. 7, 2014

Time: 10:30 a.m. – 12:15 p.m.

Location:

TRIUMF

ARIEL Rare Isotope Beam Annex
4004 Wesbrook Mall
Vancouver, BC
V6T 2A3

Parking Instructions:

Upon entering the TRIUMF driveway please turn left to enter the main parking lot. Follow the instructions of the attendants and turn right to proceed down the first aisle. Please park in the reserved event parking area.

Once parked, please report to the event tent in the parking lot for directions to the ARIEL Rare Isotope Beam Annex building.
